Due to the increased risk of breakage when sold individually, the colored T8 LED tubes are now only available in packs of 10. Thank you for your understanding.

Direct current supply | Suitable for KVG/VVG

For the replacement of conventional fluorescent tubes, a starter is supplied with each LED tube. This allows you to simply swap the old starter of your fluorescent tube and replace your old tubes quickly and easily. When converting your old T8 luminaire to LED operation, please ask for our retrofitting instructions to obtain the CE declaration of conformity.
